## II. Purpose of Addendum

## III. Methodology

6/9/2003	Inspection Completed On-Site
6/9/2003	Inspection Completed – BFS Full Compliance

## IV. Description of Findings and Conclusions

Approved child use areas remain the same (gym and Room 131). The gym measures 2, 877 square feet and Room 131 (Art Room) measures 871 square feet. Room 131 has its own bathroom facilities with community bathroom located adjacent to the gym. Per discussion with Ms. Peterson, licensee designee, the capacity in Room 131 is limited to 20 children at any one time.

The program will continue to provide snacks. Parents along with donations by local restaurants will provide lunch.

The outdoor playground equipment installed during the summer 2002 is prohibited from use until the licensee can submit verification the equipment meets the Playground Equipment Safety Act. This issue was addressed during a renewal visit conducted on 10/18/2002.

## V. Recommendation

I recommend a license capacity of 70 children.
