III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center's records, including staff records and children's records. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

At the time of the on-site inspection I provided Ms. McCollum with technical assistance and consultation regarding the following Child Care Center Licensing Rule:

R400.8122(2)(b) Lead caregiver; qualifications; responsibilities. The Discovery Preschool class needs a qualified lead caregiver every day for at least 6 hours a day.

The facility is in compliance with all applicable rules and statutes.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
