II. Purpose of Addendum

On 3/15/2013 a modification request was received from the licensee designee requesting that the school gym and cafeteria be added to the list of rooms approved for child care use. The capacity of 64 children will remain the same.

III. Methodology

3/15/2013 Modification request received

3/27/2013 Inspection completed on-site

IV. Description of Findings and Conclusions

The Forest Child Development Center is located in the Forest Charter school building. This building continues to be used as a school building. The Forest Child Development Center provides AM preschool from 8:30 AM until 11:00 AM with an Wraparound child care program available from 6:00 AM till 8:30 AM and 11:00 AM until 6:00 PM. The facility also provides a before and after school program, full day summer program, and holiday care program for school-age children.

The rooms previously approved for child care include:

Room 107 measuring 27 ft. x 36 ft. for a total of 972 square feet. The room size allows for a total of 28 children, ages 3 years and older.

Room 108 measures 29 ft. x 27 ft. for a total of 783 square feet. The room size allows for a total of 22 children ages 3 years and older.

The media room measures 36 ft. x 31 ft. for a total of 1, 116 square feet. The room size allows for a total of 32 children, ages 3 years and older.

The rooms being added to the current license include:

The gym measuring 84.1 x 67.11 for a total of 5, 643 square feet.

The cafeteria measuring 39.9 x 59.10 for a total of 2358 square feet.

The room size is sufficient enough to meet the needs of the center's approved capacity. These rooms will not be used towards the center's total capacity. The licensee has requested that the total capacity remain at 64 children.

V. Recommendation

I recommend that the gym and cafeteria be added to the list of approved child care rooms
