Name of Facility: Country Days Child Development Center

Facility Address: 205 N Main Street
Clawson, MI 48017

Facility Telephone #: (248) 556-8001

Capacity: 56

Program Type: CHILD CARE CENTER

II. Purpose of Addendum

On August 16, 2016 owner Rebecca Wirth requested a decrease in capacity from 71 to 56. Per the recent fire inspection report, the center cannot have more than 60 children at any one time. Per room measurements, the center's capacity should have been 56 anyways.

III. Methodology

06/22/2016 Environmental health inspection "A" rating.
07/15/2016 Inspection completed On-Site (for renewal).
08/10/2016 Fire Inspection "A" rating.
08/16/2016 Modification Request Received.

IV. Description of Findings and Conclusions

The terms of the original license have been modified on January 21, 2015 and August 25, 2016.

The previously approved classrooms continue to be used. The measurements are as follows:

- Room 102 Infant/toddler classroom measures 22 ft. x 32 ft. for a total of 704 square feet. This is sufficient space for 14 children ages birth to 2 ½ years. **The maximum group size for infants and toddlers is 12.** If the room is divided to accommodate 14 children then each group of children would need a lead caregiver.
- Room 107 Preschool classroom measures 23 ft. x 32 ft. for a total of 736 square feet. This is sufficient space for 21 children ages 30 months to 12 years. **The maximum group size for ages 30 months to 3 years is 16.** If the room is divided to accommodate 16 children ages 30 months to 3 years then each group of children would need a lead caregiver.
- Room 108 Preschool/school age classroom measures 23 ft. x 32 ft. for a total of 736 square feet. This is sufficient space for 21 children ages 3 to 12 years of age. There is no group size requirements for children ages 3 and older.

This space is sufficient for a total capacity of 56 children, birth through age 12.

There are a total of 5 toilets, 2 urinals and 5 sinks to be used by children in care which is sufficient for the capacity of 56 children.

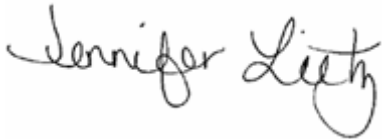

The classrooms are furnished with a varied and adequate supply of developmentally appropriate toys and equipment.

An environmental health inspection with an "A" rating was completed on 06/22/2016. A fire safety inspections with an "A" rating was completed on 08/10/2016. A lead risk assessment was completed on 01/6/2012. The center passed with lead levels below the EPA/HUD regulatory limit.

The center is approved for a total capacity of 56 children ages birth through 12 years old.

V. Recommendation

I recommend approval of the decrease in capacity from 71 to 56.
