RE: License #: DC410022703
Mayfair Christian Daycare and Pre
1738 Lyon Street, NE
Grand Rapids, MI 49503-3718

Dear Mr./Ms. Andree:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (616) 356-0183.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

A handwritten signature in black ink, appearing to read "JMB".

Name of Facility:	Mayfair Christian Daycare and Pre
Facility Address:	1738 Lyon Street, NE Grand Rapids, MI 49503-3718
Facility Telephone #:	(616) 458-1009
Capacity:	45
Program Type:	CHILD CARE CENTER

II. Purpose of Addendum

On November 29, 2017 Licensee and Program Director Cynthia Andree submitted a modification request to add Food Service as a program component to the center license.

III. Methodology

11/29/2017 Modification Request Received

01/02/2018 Inspection Completed-Environmental Health: A

01/07/2018 Inspection Completed-On-site

IV. Description of Findings and Conclusions

The terms of this license have been modified on 10/03/2001, 01/15/2002, and 02/08/2018.

On 01/07/2018 I conducted an on-site inspection at the child care facility. I re-measured all the child approved spaces. These measurements were needed to document measurements that had not been previously documented.

Main level of building:

- Preschool (West side) is approximately 14 ft. X 38 ft. providing a total of 532 square feet. This accommodates 15 children over the age of 30 months.
- Infant/Toddler (East side) is approximately 10 ft. X 38 ft. providing a total of 380 square feet. This accommodates eight children over the age of 30 months.

Basement level of building:

- Infant Room (South-West corner) is approximately 20 ft. X 13 ft. providing a total of 260 square feet. This accommodates five infants. The requested capacity in this room is four infants.
- Infant Room (North-West corner) is approximately 13.5 ft. X 13 ft. providing a total of 175.5 square feet. This accommodates the requested capacity of four infants.
- The Pre-K (East side) is approximately 40 ft. X 13 ft. providing a total of 530 square feet. This accommodates the requested capacity of 14 children over the age of 30 months.

The total space is sufficient for a total center capacity of 45 children.

An "A" rated environmental health inspection was completed on 01/02/2018. An

“A” rated fire inspection was completed on 02/04/2018.

The classrooms are furnished with a variety of developmentally appropriate equipment for the ages served.

There are a total of six handwashing sinks and three toilets. This supports the center’s capacity.

Terms:

The center is approved for a total capacity of 45 children aged birth through six years.

The program offers a morning and afternoon snack. Parents are expected to provide lunch for the children.

The center is open year round and offers full and part time programming.

V. Recommendation

I recommend the addition of Food Service as a program component to the center license.
