Dear Ms. LaBlance:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 04/18/2018. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the on-site inspection the preschool programming I observed included the following: rest time, story time, centers, clean up, music and movement and departure. The after-school programming I observed included: arrival, snack, homework and free play. I observed the caregivers' interactions with the children in care to be developmentally appropriate and responsive to their needs.

The violations that were found are:

Staff did not assure that the after-school children washed their hands before snack.
