RE: License #: DC580313374
Bedford Child Development Center
1619 W Sterns Rd
Temperance, MI 48182

Dear Ms. Maher:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 04/09/2019. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

The violations that were found are:

R 400.8176 Sleeping equipment.

(9) A tightly fitted bottom sheet shall cover the crib or porta-crib mattress with no additional padding placed between the sheet and mattress.

One infant crib sheet was loose fitting.

R 400.8188

Sleeping, resting, and supervision.

(3) Infants shall rest or sleep alone in cribs or porta-cribs.

During the on-site inspection, two infants were observed sleeping on sleep mats. Both children were two days away from turning one years old, at which point they would be considered toddlers. As such, infant safe sleep rules must still apply. The two children were in the process of transitioning into the next aged room.

Violations were identified at the time of the inspection. You have provided an acceptable written corrective action plan.

Due to the infant safe sleep violation(s), all of your infant caregivers must take training on infant safe sleep. In addition, a follow up inspection may be made to check compliance with the infant safe sleep rules.

The Department provides technical assistance to meet the licensing requirements and consultation to improve services. I provided a rule review regarding infant safe sleep requirements.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9720.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your licensing notebook.

Sincerely,

A handwritten signature in cursive script that reads "Jenny Camburn Brundage".
