Dear Mrs. Agin:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 07/10/2019. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes. There were no rule violations.

When I arrived for the interim inspection, Ms. Agin was providing care for four unrelated and four related children. Two of the related children were eight years old or older. Children were engaged in quiet activities while two children napped. Ms. Agin's interactions with the children were positive, caring, and focused on the individual needs of the children in her care. She was observed providing positive redirection when children needed correction. Also, Ms. Agin and I discussed her emergency plans during the interim inspection.

The Department provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, please contact the local office at (517) 284-9720.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your licensing notebook.

Sincerely,

A handwritten signature in black ink, appearing to read "Donald W. Vita". The signature is fluid and cursive, with a prominent initial "D" and a stylized "V".
