Dear Ms. Heemer:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 05/07/2019. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

There were no rule violations. This was a focused inspection. The main focus was the observation and evaluation of the daily activity programming and the caregiver's interactions with the children in care. I observed the following programming; free-choice play. The caregiver's interactions with the children in care were developmentally appropriate, respectful and very responsive to the children's needs.

Your facility was found to be in compliance with the requirements of Act No. 116 of the Public Acts of 1973, as amended and the applicable Administrative Rules.

The Department provides technical assistance to meet the licensing requirements and consultation to improve services.

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (989) 732-8062

Per MCL 722.113g, this report and any related corrective action plans must be filed in your licensing notebook.

Sincerely,

Jeannie C. Ellis
