III. DESCRIPTION OF FINDINGS & CONCLUSIONS

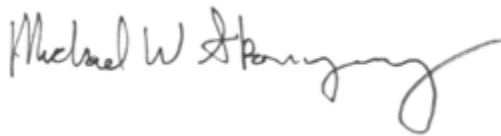

This renewal inspection involved a review of applicable key indicator child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of some of the home's records, including staff and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

The facility is in compliance with all applicable rules and statutes.

Consultation was provided to Ms. Merillat on using the newer child in care statements and ensuring all are reviewed and initialed annually by parents.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care group home (capacity 7-12).
