RE: License # DC640346173
World Of Wonder Childcare Center

Dear Ms. Ervay:

This letter is a follow-up to the on-site inspection conducted at your center on 12/12/2019. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers, specifically with regards to caregiver to child ratios.

At the time of my onsite inspection, I observed four infants and toddlers playing with one caregiver supervising. In the preschool room, I observed eight preschool-aged children with two caregivers. The children were using the bathroom, washing their hands, and watching television while waiting for lunch to be finished. I observed positive interactions in both rooms.

As a result of the inspection, I did not find any rule or law violations.

During the exit conference, technical assistance/consultation was provided regarding the following:

- As the children were watching television, I reminded the program director, Ms. Amanda Ervay, of the requirement that children watch no more than two hours of television per week. She informed me that the children watch approximately 15 minutes of television per day while transitioning to lunch.

You can find a copy of this confirming letter and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when confirming letters are completed can be found under [Overview of Licensing Reports](#).
