Dear Ms. Lange:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 02/04/2020. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

During the on-site inspection the programming I observed included the following: free play, departure, diapering, infant feeding, clean up and hand washing. I observed the caregivers' interactions with the children in care to be developmentally appropriate and responsive to their needs.

The violations that were found are:

R 400.1923 Diapering and toilet learning.

(2) The designated changing area must comply with all of the following:

(g) Have a plastic-lined, tightly covered container that is used exclusively for disposable diapers and diapering supplies that must be emptied and sanitized at the end of each day.

The garbage can used for diapers and diapering supplies was not lined with plastic.

R 400.1924 Hand washing.

- (2) Personnel shall ensure that children wash their hands at all of the following times:
(b) After toileting or diapering.

Child care personnel did not assure that a 7-month old infant's hands were washed after diapering.

During the exit conference, I provided technical assistance and consultation on the following: infants need to eat and sleep on demand, diapering, regularly check smoke detectors, and safety issues regarding indoor climber.

On 2/4/2020, you gave us an acceptable written corrective action plan.

You can find a copy of this inspection letter and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when inspection letters are completed can be found under [Overview of Licensing Reports](#).
