RE: License #: DC370309553
Mt. Pleasant Great Starts Program
3771 N Mission
Rosebush, MI 48878

Dear Ms. Verleger:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, please contact the local office at (989) 732-8062.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

A handwritten signature in cursive script that reads "Michael W Skonieczny".

10/17/2019 Contact document sent – email to Kim Funnell
11/19/2019 Contact document sent – email to Kim Funnell
11/19/2019 Contact telephone call received from Kim Funnell
11/21/2019 Inspection Completed – Fire Safety: A
12/10/2019 Inspection Completed – Lead Hazard Risk Assessment – Approved
12/16/2019 Inspection Completed On-site

IV. Description of Findings and Conclusions

The terms of the original license have been modified on 12/10/2013 and 1/18/2019.

The Mount Pleasant Great Starts Readiness Program (GSRP) is located in Rosebush Elementary School in the village of Rosebush. The program uses two classrooms in the south wing of the building, Rooms 105 and 106.

It has been requested that an additional classroom, 102, is being added to the license as a GSRP classroom. It currently houses an early childhood special education class. The plan is to have the children in the early childhood special education class join other students to form an inclusive GSRP classroom.

A. Description of the Facility

Approved space (room numbers, sizes, capacity, and ages of children for which each room/well-defined space is approved, etc.)

- Room 102/104 has approximately 1,332 square feet of space which is adequate for 38 children. The room is licensed for 20 children at one time. This room has a two-compartment sink that will be used for food preparation, a self-contained restroom with a toilet and handwashing sink, and a shared bathroom with the adjoining classroom (106) that has two toilets. There is also a washer and dryer in the classroom.
- Room 105 has approximately 768 square feet of child use space, which is adequate for 22 children. The room is licensed for 20 children at one time. This room has a two-compartment sink that includes a handwashing sink and a drinking fountain sink. Children primarily use the restrooms near the classrooms in the south hallway. This room will not be used as a classroom as part of the GSRP program and will only be used for storage or for small group activities. This space is not used to determine capacity.

- Room 106 has approximately 1,116 square feet of child use space, which is adequate for 31 children. This room will be licensed for 20 children at one time. This room has a restroom with two toilets. There is a two-compartment handwashing /drinking fountain sink in the classroom. Children also have access to the group restrooms in the south hallway.
- Room 109 has approximately 256.5 square feet of child use space, which is adequate for seven children. This room will normally have no more than three children at one time. There is a handwashing sink in this room. This space is not used to determine capacity.
- The cafeteria has a total of 2,940 square feet. This is sufficient for 84 preschool children. This space is shared with Eight-CAP head start classrooms (DC370309820). The cafeteria will be used for meals and an occasional large group activity. This space is not used to determine capacity.
- The gymnasium provides 3,230 square feet, which is adequate for 92 preschool children. All Eight-CAP and Mount Pleasant Public Schools' early childhood programs use this space for gross motor activities. This space is not used to determine capacity.

Equipment:

Mount Pleasant Great Starts has more than an adequate collection of age appropriate furniture, toys, and equipment for the approved capacity of 40 children.

Number of sinks and toilets:

There are two group restrooms off the main hallway. The girls' restroom has four toilets and two sinks. The boys' restroom has two urinals, two toilets and two sinks. There is a single restroom with one toilet and one handwashing sink in room 102. There is a single restroom with two toilets and one double sink in that is shared by room 102/104 and 106. Rooms 105, 106, and 109 each have an additional hand-washing sink in the room. This supports the center's capacity.

Documentation if a lead assessment was required and the results:

A lead risk hazard assessment was conducted on 8/13/2010. A report dated 8/19/2010 stated there are no lead paint or lead based paint hazards in room 100, 101, 105, 106, the gymnasium, or the playground. On 11/5/2018 a lead risk hazard assessment was conducted. A report dated 11/12/2018 stated there are no lead-based paint or lead-based paint hazards in room 109 or the bathrooms adjacent to the cafeteria. A report dated 12/3/2019 stated there are no lead-based paint or lead-based paint hazards in room 102/104.

Documentation of playground safety:

Mount Pleasant Great Starts and Mount Pleasant Head Start both use the fenced playground at Rosebush Elementary School. The play area is outside the south door of the building. Playground equipment was inspected by a certified

playground inspector on 9/7/2010. Approved equipment includes an all in one climber, a dome climber, a car climber, and a four-bay swing set. There are no water hazards in the vicinity.

B. Program Description

Ages of children served:

Children from 3 years 6 months of age until 6 years of age will be accepted for care.

Proposed days and hours of operation:

The program will operate Monday through Friday from 8:30 am until 3:30 pm.

Full or part time (AM or PM sessions or both):

Mount Pleasant Great Starts is a full day program

Other program components - transportation, swimming, food service:

Children attending Mount Pleasant Great Starts will eat lunches provided by Mount Pleasant Public Schools. Meals are prepared off site and brought in.

Name of program director and under what rules the program director is qualified:

Kristen Cardinal, the program director, was qualified under R 400.5103(3)(a) and (4) of the former licensing rules.

Is there a central administrator that meets the administrative requirement?

There is no central administrator.

Explanation of variance(s), if any:

There are no variances.

V. Recommendation

I recommend that room 102/104 be added as approved child use space.
