Dear Ms. Riley:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 01/29/2020. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During my onsite inspection, I observed a section of four-year-old preschool. There were nine children present with program director Ms. Jacinda Bitely and one child care staff member. The children had just been served a snack when I arrived. I observed them eating, cleaning up, and transitioning to doing puzzles before outdoor time. I observed positive interactions between the children and caregivers.

There were no rule violations.

During the exit conference, technical assistance/consultation was provided regarding the following:

- I reviewed some of the new child care center licensing rules with Ms. Bitely and informed her of upcoming trainings.
- The required postings had been removed from the cafeteria. Ms. Bitely will ensure that they are reposted and maintained in that licensed space.

As a result of the inspection, I did not find any rule or law violations.
