This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

<b>R 400.8113</b>	<b>Program director qualifications; responsibilities.</b>
	(2) A program director shall be present in the center in the following manner: (a) Full time for programs operating less than 6 continuous hours. (b) At least 50% of the time children are in care but not less than a total of 6 hours per day for programs operating 6 or more continuous hours.
The child care program does not have an approved program director.	
<b>R 400.8128</b>	<b>Staff; volunteer; tuberculosis.</b>
	A center shall keep on file at the center evidence to verify that each child care staff member and each volunteer who has contact with children at least 4 hours per week for more than 2 consecutive weeks is free from communicable tuberculosis (TB). Verification of TB status is required within 1 year before employment or volunteering.
One of the child care staff did not have evidence of freedom from communicable TB prior to working with children for the school year.	
<b>R 400.8131</b>	<b>Professional development requirements.</b>
	(6) All child care staff members who work directly with children shall complete 16 clock hours of professional development annually on topics relevant to job responsibilities that include, but are not limited to, any of the following subjects: (a) Child development and learning. (b) Health, safety, and nutrition. (c) Family and community collaboration. (d) Program management. (e) Teaching and learning. (f) Observation, documentation, and assessment.
