RE: License #: DC130378952
CU GSRP & Territorial
15 Arbor Street
Battle Creek, MI 49015

Dear Ms. McIntosh:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (616) 356-0183.

FOR CDC ONLY

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

Beth Goding, Licensing Consultant

ADDENDUM TO ORIGINAL LICENSING STUDY REPORT**

I. IDENTIFYING INFORMATION

License #:	DC130378952
Licensee Name:	Community Unlimited
Licensee Address:	221 Ellen Street Union City, MI 49094
Licensee Telephone #:	(517) 741-4656
Administrator/Licensee Designee:	Teasha McIntosh, Designee
Name of Facility:	CU GSRP & Territorial
Facility Address:	15 Arbor Street Battle Creek, MI 49015
Facility Telephone #:	(269) 565-2440
Capacity:	48
Program Type:	CHILD CARE CENTER

II. Purpose of Addendum

III. Methodology

IV. Description of Findings and Conclusions

This license was previously modified in September 2020, March 2020 and September 2019. The child care facility is located within the Battle Creek Area Learning Center and administrative building. The child care provides a Great Start to Readiness Preschool (GSRP) program for children 3 ½ to 5 years 11 months. The program typically operates Monday through Thursday from 8:25 AM until 3:25 PM during the school calendar year. The child care is requesting that the overall capacity of the child care be reduced from 54 to 48.

The following rooms are approved for child care use:

Room 3 measures 31.3 x 29.9 ft. for an total of 935.9 square footage. This room contains 1 hand washing sink and 1 toilet. The overall room space allows for 27 children.

Room 4 measures 20.7 ft. x 40.2 ft. for a total of 832.1 square footage. This room contains 2 hand washing sinks and 1 toilet. The overall room space allows for 24 children.

Room 7 measures 19.8 ft. x 12 ft. & 33.1 ft. x 17 ft. for a total of 800.3 square footage. This room contains 2 hand washing sinks and a toilet. The overall room space allows for 23 children.

The gym measures 35.4 ft. x 59.8 ft. for a total of 2116.9 square footage. This room will be used as a large gross motor space for all child care children. This room will not be used in determining the overall capacity. The overall room space allows for 60 children, but due to group size restriction may only have up to 36 at one time.

Though the overall room space totals allow for a greater capacity, the licensee has requested a capacity of 48.

There is an adequate and varied amount of developmentally appropriate equipment for the children served.

There are 5 hand washing sinks and 3 toilets immediately accessible to child care children. Additional toilets and sinks are also available in the school building.

The outdoor play area is off the side lot of the school building. An approved playground inspection was completed.

A current certification of school building fire safety provisions is on file.

An A rated environmental health was completed on all approved areas.

A lead hazard risk assessment was completed on all areas and no hazards identified.

The child care will provide a breakfast, lunch, and on snack during child care hours. Meals are provided through the school licensed kitchen.

No transportation or swimming will occur during school hours.

V. Recommendation

I recommend that the modification be approved.
