III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

This facility consists of a one -story ranch home that is located a couple miles north of Cheboygan. Upon inspection, the home presented as neat, clean and safe for children. The home offers a large in-door child use space that includes the following:

- Living room (272 square feet)
- Kitchen (171 square feet)
- Dining room (192 square feet)
- Family room (192 square feet)
- Play room (204 square feet)
- Heated garage (896 square feet)

The heated garage is used in the winter for large muscle activities. An outdoor fenced in play area is located behind the garage and accessible via a door built into the garage. There is also a half bath in the garage for easy access for the children while playing in the garage or the outside play area.

The outdoor play area offers several pieces of little tyke play equipment for children to play along with a sand box. The facility has a pool located outside of the fenced in play yard.
