III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Description of Facility

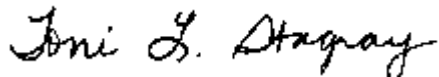

The newly constructed two-story home is located in a rural area near the intersection of Boy Scout Rd. and Orr Rd. Boy Scout Rd. is accessible from E. Dayton Rd. in Caro. Ms. Corradi had been previously licensed at another location since 1994. The main floor of the home will be used for child care, with the exception of the master bedroom and bath. The kitchen, dining area, and living room will be used as well as an 11 x 18 play room that is set up specifically for children's use. This room will be used for napping as well.

The family has one dog which is reportedly very mild-mannered and normally kept separate from the children in care. The outdoor play area will be located in the front area of the home. The area will be fenced in since there is a pond located behind the home. Until the fencing is completed, direct supervision of children outside will be provided at all times.

Ms. Corradi will provide care for children of all ages Monday through Friday between the hours of 7am-6pm. Meals and snacks will be provided through a certified food program. She has current CPR and first aid training, as well as additional training in child-related areas.

IV. RECOMMENDATION

I recommend issuance of a six-month provisional license to this group child care home. (7-12 capacity).
